Our SCC Programmes

- **CLS Character Development Programme**

CLS character development programme (LEADERSHIP) aims to inculcate positive values and qualities in our young leaders. Character development is a learning process that enables them to understand, care about, and act on core ethical values such as Care, Responsibility, Integrity, Innovation and Resilience. With these core values ingrained in them, our young leaders can discern between right and wrong, make responsible choices and be aware of their roles in nation building.

- **CLS Enrichment Programme**

Our inquiry-based curriculum caters to each individual child and nurtures their infinite strength and competencies. The CLS Global Affairs section in CLS Enrichment Programme (THINKER) challenges our students to think deeper, ask questions, explore, and look at the world critically.

The CLS Aesthetic and Creative Expression Programme aims to promote our students' imagination, motivation and develop interpersonal skills through our carefully planned modular activities. Alongside the CLS Drama & Communication, we hope to develop the emerging 21st century competencies and social competencies in all our students.

- **CLS Outdoor Programme**

As a strong believer of striking a balance between work and play, holistic development for our students can be achieved through CLS Outdoor Activities (ENGAGING & EMPOWERING). This Outside-The-Classroom Outdoor Programme consists of modules such as sports & games, fundamental movement refining, dance and gardening to provide students with a well-rounded education. Friendships are forged, character is defined, limits are conquered, and potential is unleashed.

- **CLS Homework Supervision Programme**

At Commit Learning SchoolHouse (CLS), we believe in first nurturing a love for learning in every child that will pave her journey towards and beyond academic excellence. This begins with cultivating the right attitude and morals through our CLS Homework Supervision Programme where we provide support and guidance to our students by instilling the discipline to focus on their school homework supervision during the structured time frame.
